Woman's Day

'She's devoted to getting her body in rocking shape to revamp her image,' says our insider. And it shows!

Kourt was loving the male attention in LA on August 15

Kourtney MOVES

The single mum is ready to date again – and KoKo's playing matchmaker!

Who needs ice-cream and a *Bridget Jones* DVD when you've got Khloe Kardashian to help you through your heartbreak? Certainly not KoKo's smokin' sister Kourtney, who's single and ready to mingle!

In fact, we can exclusively reveal Kourt's feeling so on top of her game since splitting

from babydaddy Scott Disick in July that she's ready for a no-strings fling!

She's even asked her well-connected sister Khloe, 30, and her new NBA pro boyfriend James Harden, 26, to hook her up with some of his eligible bachelor pals.

That's not to say she needs her hand held, though – the 36-year-old yummy mummy looked totally at ease as she

KOKO & JAMES PLAY CUPID

Kourtney's wasted no time picking playthings! She's already told Khloe and James she's eyeing off his Houston Rockets teammates Dwight Howard, 29, and Patrick Beverley, 27!

"She's always had a crush on Dwight," says our insider. "And she likes the idea of spending time with Patrick, who has two kids of his own."

ON!

enjoyed a friendly catch up with a male pal in an LA park recently, while her and Scott's eldest kids Mason, five, and Penelope, three, happily played nearby.

"Kourtney's not the type to wallow in self-pity, and she's getting excited about going out with other guys," says our insider.

"She wasn't in this mindset at all the first few weeks after the split. But now she figures what's good for the goose is good for the gander."

And there'll be no shortage of fellas for the bachelorette of the moment to choose from if KoKo has anything to do with it.

She's already given Kourtney a list of single NBA players that James knows, so that she can pick and choose who she wants to be set up with.

And word is Kourt's so excited by the prospects, she's salivating just reading the menu!

"Kourt's stoked about dating again and can't wait to see what she's been missing," adds our insider. "She's taking this break-up as a learning experience and using it to make herself stronger." ■

Playful pals

Kourt has fun honing her flirting skills on her friend. Too bad he's married!

Ready to mingle!

SCOTT'S STILL BOOZING!

Sean and Scott look worse for wear outside LA club Hyde

Club addict

"Scott just can't say no when it comes to a party," says our source.

A pal looks to be helping Scott stay upright during the August 14 bender

While Kourtney's never looked better, Scott cut a very different figure as he staggered out of LA's Hyde nightclub recently with Sean Stewart – the bad-boy son of rocker Rod Stewart.

Like Scott, Sean – who's battled addiction and had a number of arrests over the years – is no stranger to scandal, but he's trying to get his life together for his new reality series *Stewarts & Hamiltons*, which focuses on his blended family.

And we can't help but wonder if Scott, 30, is hanging out with Sean in the hope of scoring a spot on the 34-year-old's show.

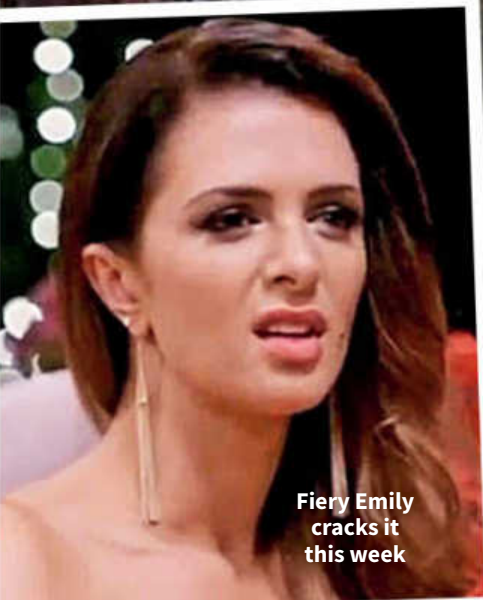

"Scott has all sorts of plans to keep his fame going after the split," spills an insider. "[He's] shopping a reality show of his own on his post-break-up life. He thinks it would be like *Entourage*-meets-reality TV as cameras follow him around making deals and living up the single life with beautiful women." Good luck with that...

Heather has hinted at moving on...

...while Snez is struggling with her feelings

Fiery Emily cracks it this week

Bachelor favourite WALKS OUT!

Hold on to your roses – things get heated this week when another beauty throws in the towel!

The Bachelorettes are more feisty than ever this year – and hot on the heels of Jacinda's shock exit, another babe sensationally storms out on Wednesday night!

Yep, Bachie Sam Wood will be left devastated when one of the show's favourites decides she's over competing for his affections and turns her back on him for good.

And while we don't want to give too much away, it will be one of the series front-runners who walks out!

"This will be the most memorable rose ceremony of the season so far. One very prominent girl gets seriously upset and decides that he isn't showing enough interest in her and leaves!" an insider tells NW.

"Despite going on the show knowing that she'd be competing against

multiple women, she's just too used to being the centre of attention and can't hack not being his number one. Let's just say there's a very dramatic one-on-one with Sam before she walks out. It's full-on!"

So who is the girl to go? With 29-year-old Heather joking in a radio interview last week that she's been busy with other blokes, her days may be numbered, while Emily, 31, and Snezana, 34, are also starting to lose their cool.

"Snezana has the impression that she and Sam have a real connection, because he can't keep his hands off her whenever they're near each other. So she finds the way he is with Heather very confusing," says the insider.

As for Emily, it seems she's had it up to here with the way she's being portrayed on the series, once again taking to Instagram last week to vent about how her romantic beach date with Sam was edited.

"This date was literally amazing. So sorry you guys didn't really get to see it," she laments.

Sam himself confirms there were a "couple of kisses" on that date that didn't make it to air, but claims it's "out of my hands".

"I wouldn't say we had the same sort of passion and physical chemistry that I've had with some of the other girls, that's for sure," says Sam.

"I guess that's why they didn't show a couple of the kisses."

While some Bachelorettes have complained about gaining weight in the house, an insider says one lucky lady is carrying more than just a food baby – and clucky Sam can't wait to be a dad!

BABY SHOCK “The winner is already pregnant!”

The *NW*-ettes were left stunned when Blake Garvey dumped Sam Frost just weeks after proposing in last year's finale of *The Bachelor* – but this season's ending looks set to involve an even bigger bombshell. There are whispers that Bachie Sam's chosen one is already expecting!

Yep, the rumour doing the rounds suggests that 35-year-old Sam's lucky lady is nearly three months along – so keeping the bub under wraps is becoming increasingly difficult. Indeed, with weeks to go until the series finale, we hear TV bosses are worried it's only a matter of time before Mrs Bachie is spotted out in public with her growing bump!

“She's already got a little tummy – you can see it in pics,” dishes a *Bachelor* insider. “She can't stay hiding indoors forever or blaming it on weight gain in the mansion. It's only a matter of time before the news gets out. She doesn't want to hide it any more.”

The baby bombshell would no doubt be music to Sam's ears, as he's made no secret of the fact he wants to start a family – stat!

As well as gushing about it on the show, Sam told *NW*, “I'd love to have a family one day soon. I'd like three children. I really thought I'd be a dad already. I've just turned 35 and if you asked me when I was 20, ‘Will you be a dad by 35?’ I would have said, ‘Absolutely.’”

“When you find the right person, hopefully it happens quite quickly... you need to find the right partner first.”

Of course, it's not the first time the show has been hit by whispers of a baby on the way.

As last year's finale went to air, entertainment commentator Peter Ford tweeted, “The reality TV bombshell set to rock Australia. It was meant to be about potential wedding bells not nappies,” prompting *The Project* host Carrie Bickmore to quiz tight-lipped Osher Gunsberg about a “*Bachelor* baby on its way”.

This time, though, it seems the rumour could be true.

“We all got to know and love Sam and [the winner],” spills our insider. “And after the Blake and Sam [Frost] disaster last year, what better happy ending than a baby!”

Rachel Moore, 29 – Brisbane

Why is she there? Despite being a knockout, she joined the show after her bestie told her it's time she focused on finding a man!

Claim to fame The former flight attendant and food blogger is good mates with Black Eyed Peas producer Printz Board and is a regular on the LA social scene.

Pull factor That pout! What man could resist a go on those lips?

Thorn in her side By dumping Zilda in the first episode, Sam proved that the high-maintenance, blonde-bombshell look isn't his thang.

Says things on social media like... "Create the things you wish existed."

Most likely to have dated a famous musician "She is out in the VIP section every night of the week with A-list musicians when she's in LA," spills a source.

Insider goss "There's something about Rachel that Sam clicks with. Despite how good-looking she is, it's like he's drawn to her vulnerable side and they have a great laugh. There's definitely a physical attraction!"

Down to earth

Despite famous pal Laura, Lana keeps it real.

Meet the DATE CRASHERS

Uh-oh – it's intruder time! We can't wait to see the look on Heather's face when these two mega-babes arrive on the scene...

Full package

Rachel effortlessly switches from glam to girl next door

Lana Jeavons-Fellows, 27 – Sydney

Why is she there? She wants to find a man who is "funny, positive and honest".

Claim to fame She's former Miss Universe Australia winner Laura Dundovic's BFF and often hits up glitzy events with her gal pal.

Pull factor As a humanitarian aid worker who has volunteered with sick children in South East Asia, she can bond with Sam over their love of little people.

Thorn in her side The daggers she'll get from Heather!

Most likely to have dated a philanthropist or hot traveller

"Lana loves to travel and embrace life," says a source. "Her vibrant personality is contagious and men are drawn to her worldliness."

Insider goss "She seriously stirs things up. The chemistry between her and Sam will cause a lot of upset among the girls who thought they were his favourite. She could be his dream woman."

Sandra's boob-job for Bachie?

With her larger-than-life personality and ample assets, there was no missing Sandra in *The Bachelor* mansion.

But with an old pic surfacing of Sandy looking, er, smaller-chested, it's being speculated that the primary school teacher might have gone under the knife before joining the show.

However, when *NW* inquired, it was a firm denial from her rep, who insists Sandra is all natural.

Meanwhile, the bubbly 27-year-old finally got a pash – from 2Day FM's

Matthew Eggleston, during a stunt on *The Dan & Maz Show*.

Snogging for more than five minutes, the pair smashed Sam and Nina's Guinness World Record for the highest and longest broadcast kiss.

Could Eggy be the one?

The pair took it to the next level on the 260m Sydney Tower Eye!

Bec and Emily's girlie getaway

Bec and Emily have certainly become great pals since *The Bachelor*. And the bronzed babes couldn't resist blowing up social media with snaps of themselves drinking cocktails and hanging out in Bali together.

"Sunset drinks at La Plancha with my girl Bec," Emily captioned one snap.

Er, Sam who?

LOOK WHO IT IS!

It turns out glamorous Joni is best mates with last year's *Bachelor* star Zoe O'Brien! Who knew?! Here are the two stunners looking white-hot on a recent night out in Bali.

Heather's naughty film!

We all know she's a budding actress, but Heather's show-reel – which includes scenes of her slapping her bum while showing off her undercarriage – left us blushing!

With other shots showing her making out with a guy and pouring cream over her chest, it's certainly a far cry from the goody-two-shoes dudette image she presents on *The Bachelor*!

Their fellow diners cooed over Wyatt at Mila's New York birthday lunch on August 15

EXCLUSIVE
NEW
PICS!

Mila & BABY N

Hollywood's cutest couple have taken to parenthood like a pair of perfectly groomed pros. So much so that just 10 months after having daughter Wyatt, Ashton Kutcher and Mila Kunis are all set to expand the fam!

Yep, now that their belated honeymoon caravanning around California is over, the countdown to bub number two is on.

But that's not all – we hear the pair, who were spotted doting on their little girl during Mila's 32nd birthday celebrations at a New York restaurant on August 15, are telling friends they want another two kids ASAP!

In fact, speculation is rife among their friends that Mila's already expecting!

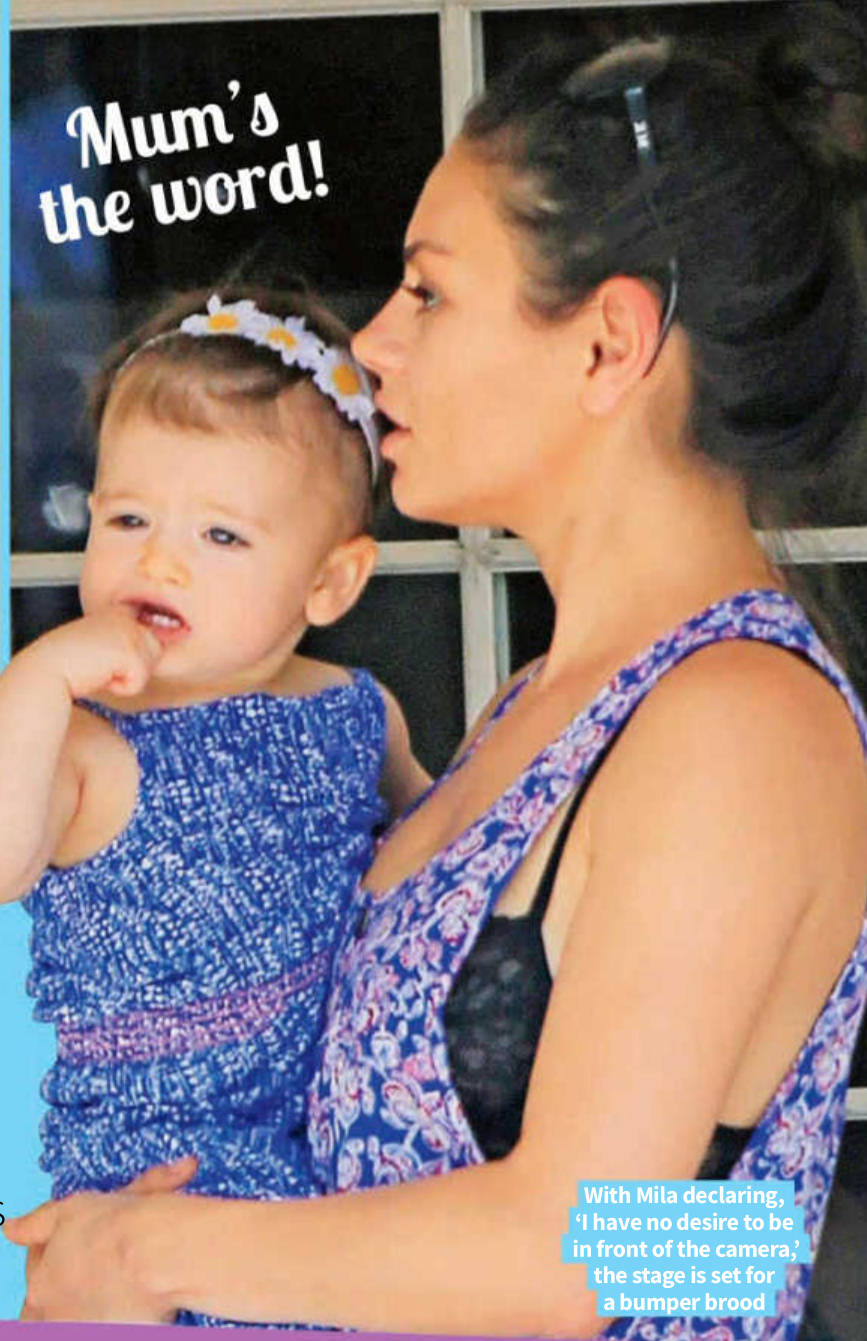

"There have been so many hints," explains a source close to the couple.

"Mila's tired all the time and she gets really hungry really quickly, and if she doesn't eat right at the moment she gets super crabby."

And if there's not a bun in the oven yet, all the signs are that there soon will be!

"Mila has seen a fertility doctor who told her that she is in perfect shape right now to become pregnant," spills another insider, who adds that while Ashton would love a boy next, "they will be happy as long as the baby is healthy".

Mum's
the word!

Ashton NO.2!

But could the
clucky actress
have two buns
in the oven?

With Mila declaring,
'I have no desire to be
in front of the camera,'
the stage is set for
a bumper brood

We hear the pair also want their children to be close in age – and they may just get their wish. With Ashton being a twin, the likelihood of Mila having a double bundle of joy is higher!

Regardless of how she pops out, though, Ashton, 37, will be on solo nappy duty!

"My husband is an incredible hands-on dad," gushes Mila – who says she's "proud" to call herself a stay-at-home mum. "When my child was born, I was breastfeeding and he said, 'That's your connection, I want to change every diaper.'"

Careful what you wish for, Ashton! ■

Jaime's baby boy
Leo has Tay wanting
one of her own

A bay-bay for Tay-Tay, too?

Their relationship's showing every sign of becoming a happily-ever-after, so we're hardly surprised to hear that Taylor Swift is keen to have Calvin Harris's baby!

"Calvin and Taylor are looking at a wedding in 2016

and kids in 2017," says a source close to the pair, who adds that they've started discussing potential baby names!

What's more, we hear Calvin's even been shopping for an engagement ring!

So what's the rush? Despite only dating the Scottish DJ for five months, the 25-year-old country crooner has told friends she wants at least two kids by the time she's 30. Yikes!

Indeed, Tay couldn't hide her cluckiness when she dedicated *Never Grow Up* to her "perfect" godson Leo – BFF Jaime King's newborn – during a California concert on August 15.

We're on to you, girl!

WHY THE

After more than a decade together, the couple say their goodbyes

Out with the old. That was the mantra Megan Fox was living by as she renovated her home last December.

“If she points and says, ‘That’s got to go,’ then it goes,” her hubby Brian Austin Green revealed

We’re told Megan is ‘very independent’, which doesn’t seem to sit well with Brian

Sole carer?

As Megan promoted *TMNT* in South Korea last year, Brian played solo dad.

The way they were...

Take a look back at the highs and lows of their love affair

November 2004

The pair fall “instantly in love” on the set of *Hope & Faith* and become engaged two years later.

June 2010

“Marriage isn’t a realistic goal for someone who is 23,” Megan insisted after their 2009 split. She soon changed her mind, though – they wed in Hawaii 24 days after reuniting, with Kassius serving as Brian’s best man!

June 2012

The couple celebrated their second wedding anniversary in Hawaii while Megan – who Brian calls his “better half in parenting” – was pregnant with Noah.

March 2013

Their romance seemed stronger than ever, with the actress confessing, “We got lucky. I believe he’s my soul mate.”

Brian's sad divorce Y SPLIT

at the time. "It doesn't matter what it is."

Still, we had no idea Brian would end up being one of the things tossed out!

Multiple sources confirm that the pair have called time on their 11-year romance – which produced sons, Noah, two, and Bodhi, 18 months.

"Megan has separated from Brian – they decided six months ago," reveals an insider, adding that while Brian, 42, wanted his missus to focus on the family more, Megan was obsessed with taking on more movie roles.

But then again, their romance has always been a rocky one.

The couple – who got engaged in 2006, two years after meeting on the set of Megan's sitcom *Hope & Faith* – briefly split in 2009 before finally tying the knot in Hawaii in 2010.

But last year, 29-year-old Megan – who admits she likes to go "weeks without talking to another human" – hinted that their marriage was on Struggle Street during a candid interview with *Men's Health*.

**'MEGAN
SEPARATED
FROM BRIAN
SIX MONTHS
AGO'**

"You will go through phases where you're just not getting along," she explained. "You're not communicating well... It's going to feel impossible to you."

As time progressed, it seems the couple – who were briefly spotted together in Beverly Hills in June – drifted further and further apart thanks to their conflicting schedules.

While the actress has been in New York shooting *Teenage*

Mutant Ninja Turtles 2 since March, Brian – who also has 13-year-old son Kassius with ex Vanessa Marcil – spent much of that time at their LA home with their boys.

"She was never around," reveals a construction insider who worked on the renovations to their \$4.6 million mansion. "Brian barely mentioned her."

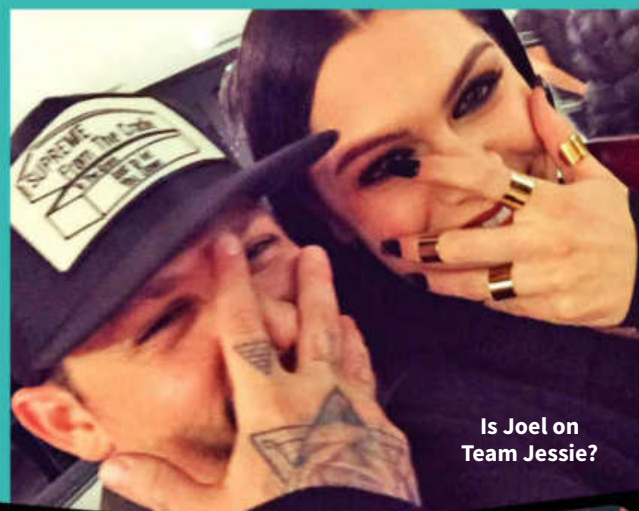

On the bright side, though – it sounds like the split is amicable.

"They're on friendly terms for the sake of the kids," adds the insider. "They just want to do their own things." ■

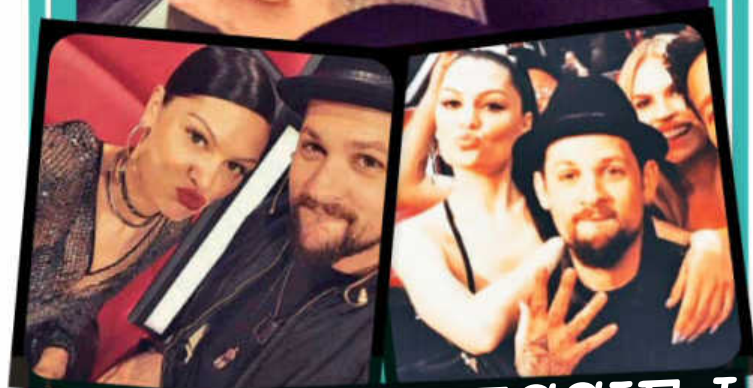

**June
2015**

Having reportedly already called it quits two months earlier, Megan and Brian appeared to be trying to work things out when they were spotted holding hands following a lunch date in Beverly Hills.

**Is Joel on
Team Jessie?**

NICOLE VS JESSIE J

**'Hands
off my
hubby!'**

Absence makes the heart grow fonder – and more possessive it seems! Just ask Nicole Richie...

We're told the mum of two is concerned about her husband Joel Madden's blossoming friendship with his fellow coach on *The Voice*, 27-year-old Jessie J.

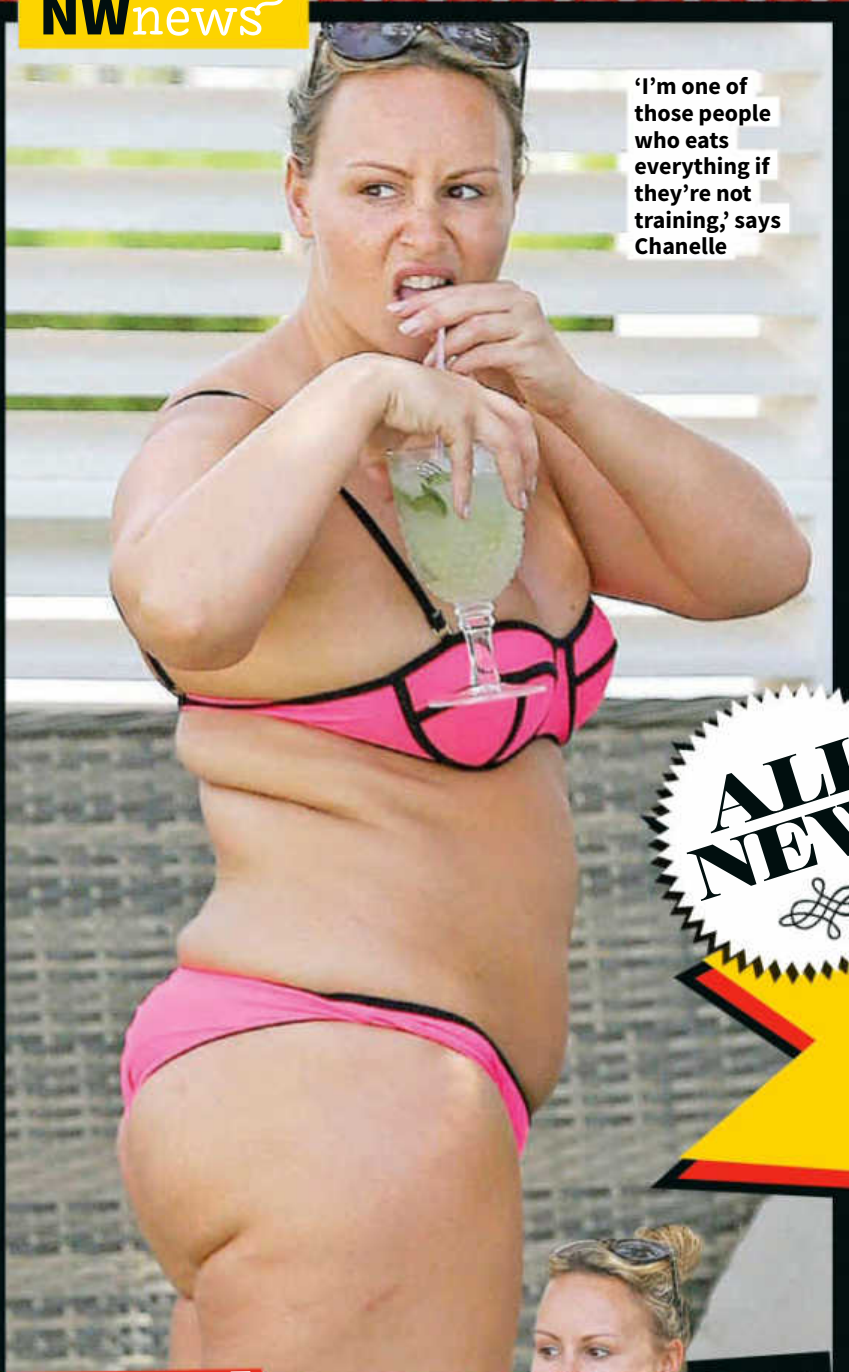

Yep, word is the 33-year-old *Candidly Nicole* star flipped out after an insider reveal the pair have become "very flirty behind the scenes".

"Nicole was very upset," reveals a source, adding that she has "demanded Joel steer clear" of the British singer.

Rather than soothing her fears, though, the 36-year-old became fiercely defensive.

"He accused her of overreacting," adds the insider. "It's caused a few fights between them."

'I'm one of those people who eats everything if they're not training,' says Chanelle

ALL NEW!

CHANELLE HAYES

'I NEED TO HAVE MY JAW WIRED!'

She lost a whopping 25kg last year, but Brit reality star Chanelle, 27, is the first to admit she's fallen off the diet wagon. With her too-small bikini doing little to flatter her fuller figure, the former UK *Big Brother* star was snapped devouring a Cornetto and drinking a sugary margarita while on vacay in Spain recently. "I think about food all the time - I need to have my jaw wired," says Chanelle, who's already regained 16kg. "I can eat three packets of biscuits a day!"

JANICE DICKINSON

'I LIVE FOR PLASTIC SURGERY'

Runway legend Janice, 60, looked as, er, natural as ever when she frolicked up a storm in Malibu on August 16. "I live for plastic surgery," says the self-proclaimed cosmetic tweak addict - who's undergone face lifts, tummy tucks and boob jobs, among many other procedures. "Everything about me is fake!"

BODY SHOCK

RACHAEL FINCH

AB FAB!

A flat tummy's one thing, but Rachael is rocking abs of steel! Yep, as she struts her flab-free stuff for Myer in Sydney earlier this month, it's hard to believe the 27-year-old model gave birth to daughter Violet less than two years ago. So how does one get a rock-solid sixpack like Rach's? "I do dance mixed with boxing and cardio and Pilates, and a variety of things so that just a constant fitness is maintained," says the Aussie stunner. Hmm, seems like an awful lot of work...

'Everything I eat is organic,' says Janice

'It's not about weight, it's about health,' Miley once preached

Wasp waists, protruding ribs and killer curves – oh my!

KS!

We've all had good days and bad days

when it comes to baring our bodies – and A-listers are no exception.

But while most of us would run straight for the sarong at the first sign of anything unsightly, these famous femmes parade their figures with pride – no matter how they look!

From ill-advised Instagram moments to less-than-flattering beach snaps, they really do seem to have #nofilter...

Miley recreated a *W* magazine shoot for Instagram last week – complete with protruding bones

MILEY CYRUS

SKINNIER THAN EVER!

Miley has fans fearing she's suffering from an eating disorder after sharing pictures of herself looking dangerously thin.

"Do you even eat? Looking kind of skinny there mate it's kind of disturbing," commented one worried fan.

Indeed, neither her Drake-printed underwear nor her leather bralet could distract us from her jutting hipbones and concave stomach. It's not the first time Miley, 22, has come under fire for being too thin. In June, after her break-up with Patrick Schwarzenegger, Miley reportedly weighed just 45kg – the skinniest she's ever been – yet she's still refusing to admit there's anything wrong.

KATIE PRICE

'I'M LUCKY TO LOOK LIKE THIS!'

She's had five children, but you'd never know it from Katie's seriously slender physique. Indeed, the 37-year-old faced a backlash from fans last week after posting this Instagram shot of herself in a bikini top and trackie daks.

"You can see her freaking ribs," wrote one fan, while another accused her of being a "bad role model", prompting Katie - who credits tea-based weight-loss product Bootea for her tiny tum - to defend herself. "I know I'm very lucky to look like this after five children and can only thank my mum and dad's genes," she hit back.

BODY SHOCKS!

CHERYL FERNANDEZ-VERSINI

'I'M NOT ANOREXIC!'

With her bony back on full display, the artist formerly known as Cheryl Cole drew gasps from fans last week at the London launch of her new fragrance StormFlower Noir - and it wasn't because they were overcome by the perfume! Of course, the 32-year-old is no stranger to hitting back at unkind body critics. "No, I'm not anorexic," Cheryl responded after being branded a "bag of bones" by a fan on Instagram this month, instead blaming her gaunt appearance on her gruelling workload.

VANESSA PARADIS

SKIN AND BONES

She may have been topless, but that's not the reason beach-goers couldn't keep their eyes off Johnny Depp's babymamma ex, 42, during her trip to Greece earlier this month.

Nope, it was the French model's jutting ribs as she hit the water that were attracting all the attention. It was only a few years ago Vanessa told UK *Vogue* that she'd turned over a new leaf, health-wise. "I do definitely look after myself, much more than I used to," she said. We're not so convinced...

'I am so sick and tired of it being OK to call someone too thin,' Cheryl laments

LINDSAY LOHAN

LILO'S BUM NOTE

Something tells us this pic won't make it into LiLo's vacay album! While we've all fallen victim to an ill-fitting cozzie at some point, Lindsay – who was accused in March of digitally altering an Instagram pic to make her rump look juicier – really took the, um, pancake when she let her deflated derriere hang out in Mykonos last month.

LENA DUNHAM

'MY BODY IS SPECIAL!'

As all *Girls* fans out there will know, Lena's no stranger to nudity – so we can safely assume she took stripping down to her bikini for a charity paddleboard event in the Hamptons in her stride. Strutting along the sand with the utmost confidence, the 29-year-old has clearly put her past struggles with body image behind her.

"I feel really good with my size now," Lena declares. "It used to be when I went into a room with all thin women I felt like, what's wrong with me? Now I just feel special."

IS ZAYN GOING INSANE?

Burnt bridges, broken hearts and angry feuds – Mr Malik's going rogue!

We're not sure who this angry, rude pop brat is, but it sure isn't the brown-eyed, ballad-crooning Zayn Malik we've all come to know and love!

In fact, the former One Direction member's behaviour has been so bad of late, it's prompted serious concerns for his state of mind.

After quitting the chart-topping band in March to pursue a solo career, the 22-year-old singer appears to have plunged into a self-destructive downward spiral that's seen him burn bridges left, right and centre.

As well as falling out with music guru Simon Cowell and producer Naughty Boy – who he branded a “fat joke”, telling him on Twitter to “stop pretending we're friends” – Zayn cut ties with his

reps at Modest Management and now refuses to deal with Simon's label Syco!

But the havoc he's wreaking doesn't end there – earlier this month, Hurricane Zayn went on to cruelly dump his fiancée, Little Mix singer Perrie Edwards, via text message, before dissing her band on Twitter.

The cocky crooner has also made some

powerful enemies in the form of Taylor Swift and Calvin Harris – during a heated Twitter feud, the singer even called the Scottish DJ a “dickhead” (see opposite).

Tellingly, former bandmate Louis Tomlinson, 23, made his disapproval known when he favoured an angry tweet from Calvin that slammed Zayn's bad attitude and sternly advised him to “stay out my f**kin mentions pls”.

But Louis's not alone. With friends becoming increasingly thin on the ground, Zayn is fast discovering it's a lonely descent from the top.

His one-time ally, *The Sun* showbiz columnist Dan Wootton, recently branded him “a delinquent”, while a former friend of the singer told the paper, “He's a little boy who needs to grow up.”

“He's pissing off so many people, it's very hard to see him having much support left by the time he's finally ready to release any music.”

“I don't understand it. He's not had any success as a solo artist yet, so his ego shouldn't be that driven. He has gone mad, power mad.”

Zayn's even been compared to music bad boys Chris Brown and Justin Bieber!

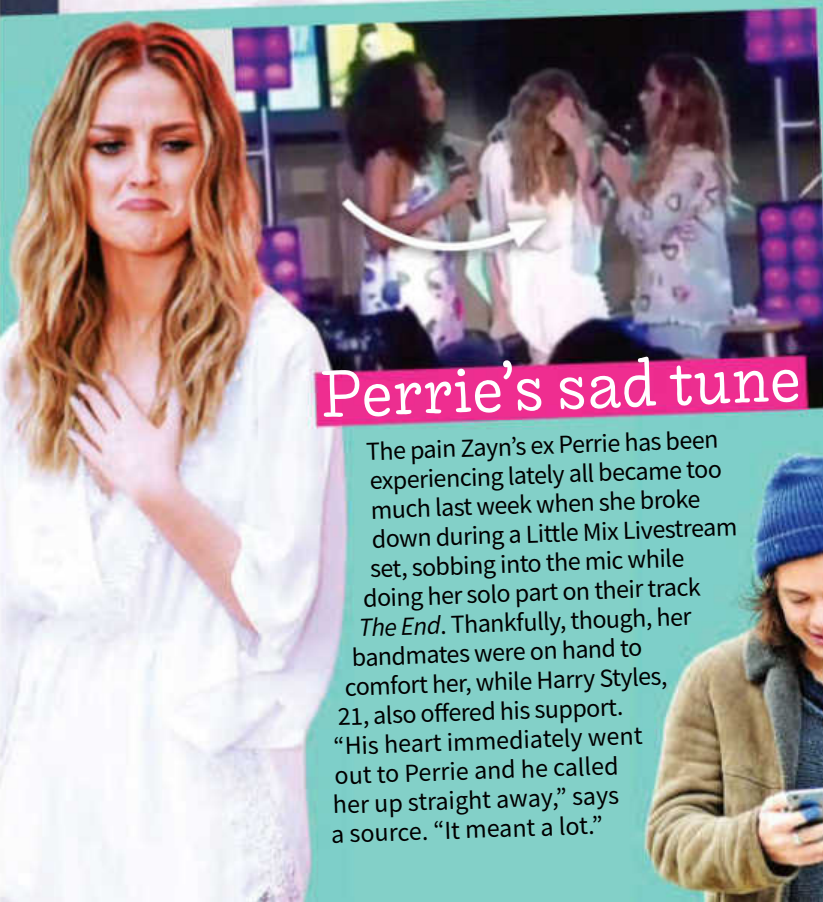

“He's turning into Chris Brown but without any hits,” snipes Zayn's former pal.

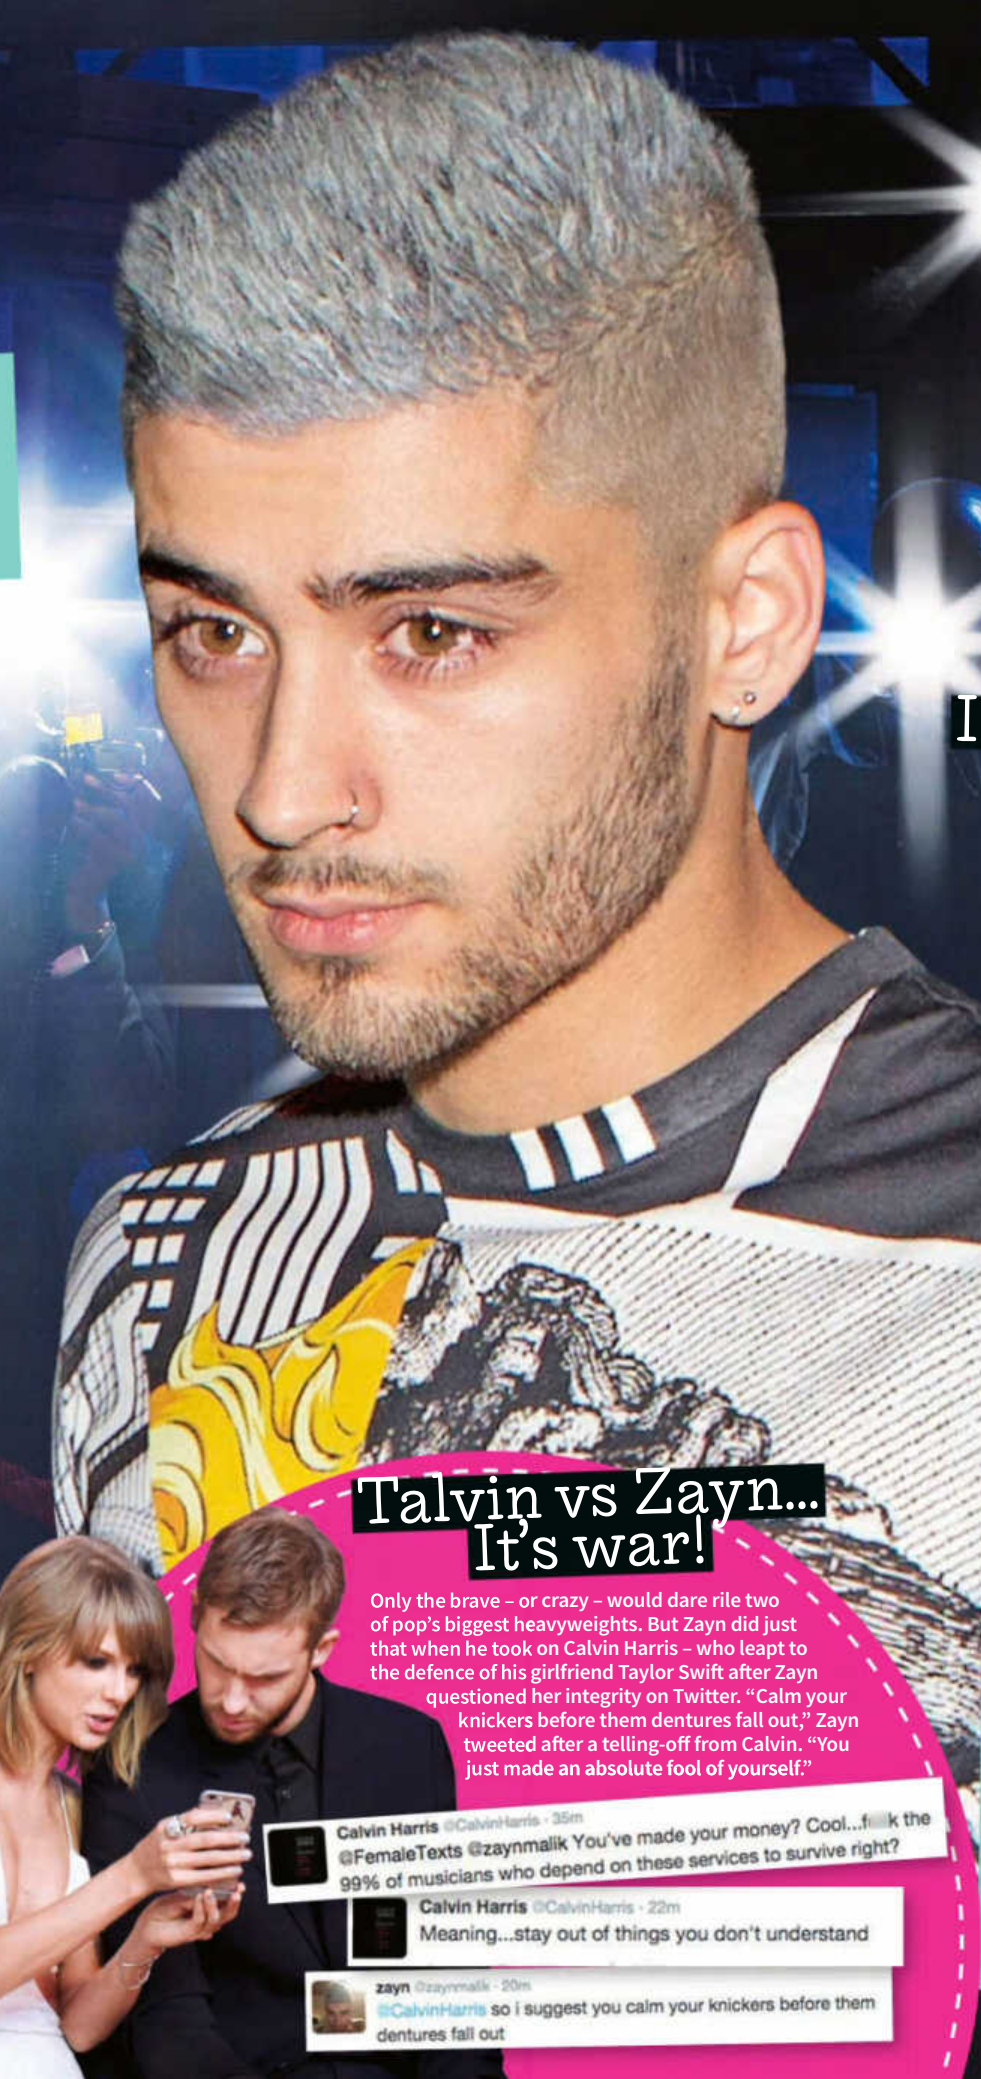

“He is self-destructing right now and I hope he's got someone there for him. I doubt he has, though, that's why I'm worried for him.”

You and us both, mate! ■

Perrie's sad tune

The pain Zayn's ex Perrie has been experiencing lately all became too much last week when she broke down during a Little Mix Livestream set, sobbing into the mic while doing her solo part on their track *The End*. Thankfully, though, her bandmates were on hand to comfort her, while Harry Styles, 21, also offered his support. “His heart immediately went out to Perrie and he called her up straight away,” says a source. “It meant a lot.”

Talvin vs Zayn... It's war!

Only the brave – or crazy – would dare rile two of pop's biggest heavyweights. But Zayn did just that when he took on Calvin Harris – who leapt to the defence of his girlfriend Taylor Swift after Zayn questioned her integrity on Twitter. "Calm your knickers before them dentures fall out," Zayn tweeted after a telling-off from Calvin. "You just made an absolute fool of yourself."

Calvin Harris @CalvinHarris · 35m
@FemaleTexts @zaynmalik You've made your money? Cool...f--- the 99% of musicians who depend on these services to survive right?

Calvin Harris @CalvinHarris · 22m
Meaning...stay out of things you don't understand

zayn @zaynmalik · 20m
@CalvinHarris so i suggest you calm your knickers before them dentures fall out

Is Zayn the new Bieber?

His obnoxious behaviour reminds us of the original pop brat!

FAMOUS FEUDS

Like Justin Bieber before him – who last year got on the wrong side of both Orlando Bloom and Seth Rogen – Zayn's been ruffling A-list feathers. Calvin, Taylor, Simon and Naughty Boy have all been in the firing line.

TEXT SCANDAL

Biebs and Selena Gomez, 23, called it quits in early 2014 after two years together. And like Zayn did with Perrie, JB's said to have ended it with a text. "F*CK YOU!!!!!! I need to grow up!! HA ok! Enjoy life with OUT ME B*TCH!!!!" he wrote.

BAD BOYS

They started their careers looking squeaky clean, but Biebs, 21, and Zayn have taken to dying their hair and covering their bodies in ink!

QUESTIONABLE COLLABS

Biebs featured on Chris Brown's track *Next 2 You*, with the 26-year-old bad boy returning the favour on Justin's tune *Up*. Now Chris wants to work with Zayn. "The fans are waiting to hear his stuff, so it would be cool to get down and collab," he says.

MEN ABOUT TOWN

Neither of them are native to LA – Zayn is from Bradford, England, while Justin is from London, Canada – but they sure act like they own the place, propping up the bars at Hollywood hot spots 10AK and Warwick.

Gigi & dange OBS

The stunning sibs take their penchant for perfection to the extreme

Gigi and Bella Hadid are undoubtedly the hottest model sisters on the planet right now – but that hasn't stopped either of them messing with what their mamma gave them! In fact, we're told the genetically blessed siblings are fast developing an unhealthy fixation with cosmetic surgery!

As well as regular fillers and Botox injections, Gigi's already looking at undergoing a reported second boob job to boost her B-cups! But at the tender age of 20, has the blonde bombshell already gone too far?

"She's really joined the Hollywood trend and gone way overboard on Botox and fillers," snipes a insider.

"She's so hooked she's starting to get that pillow-face look. She's looking into a nose job, too, and is always on the alert for new trends in surgical treatments. It's all she and her gang of girls talk about."

Worryingly, Gigi's 18-year-old sis Bella appears to be just as open to the odd nip and tuck, amid widespread reports she's

already had her boobs and nose done. Yikes!

Indeed, Dr Laith Barnouti from Plastic Surgery Sydney thinks the up-and-coming model has had at least three major procedures.

"Bella looks as if she's had rhinoplasty to shave down the nasal bump," says Dr Barnouti, adding that her boobs appear "modified", too. "She seems to have a sharper, fuller cleavage, but the result is very natural looking."

When it comes to lip fillers, though, he thinks she's overdone it.

"She's had too much filler injected into the upper lip,"

Dr Barnouti observes.

"She certainly has an operated-on look."

But with their careers still on the up-and-up, and pressure to look perfect building, there are fears the image-conscious sisters won't know when to say, "Enough is enough!"

"Gigi's a product of LA. Women getting regular nips and tucks is what she's always known," adds our source. "It's scary, because it's starting to show. She's stunning, but she's not even 21 and she's already getting that Beverly Hills face."

FASHION AND FLYBOARDS

It's good to know that the famous klan did more than just strut the streets at the tourist mecca. Sure, there were thigh-high splits and flowing gowns galore, but some of them managed to swap the gladiator sandals for ski boots, helmets and life jackets to try their hand at flyboarding. While Kourt, Khloe and Kim passed, Kendall, 19, Kylie and Tyga were up, up and away!

So just your typical family vacay, really!

When it comes to family vacays, no-one does it quite like the

Kardashians, who've just jetted off for yet another five-star, sun-soaked getaway on the tropical Caribbean island of St Barts.

But true to form, the pricey trip – which was being filmed for *Keeping Up With The Kardashians*, natch! – wasn't exactly the peaceful, relaxing break they were hoping for.

Then again, it wouldn't be a Kardashian family holiday without a little bit of trouble in paradise, would it?

Kim hits back

Sick and tired of the surrogacy rumours that have been plaguing her, pregnant Kim made a point of putting her baby bump out there at every opportunity.

The 34-year-old mum-of-one – who's around six months pregnant – also stripped down during a beach workout with her sisters, pouring cold water

holiday time!

bods, bumps st-ups

on speculation she could be wearing a fake bump,

"I think you all know me well enough to know I would document the process if I got a surrogate," Kim responded to social-media trolls recently.

"Everyone's body is different, every pregnancy is very different! I've learned to love my body at every stage! I'm going to get even bigger & that's beautiful too!"

Hear, hear!

Sisters at war

It wasn't just Twitter trolls getting up Kim's nose – we can exclusively reveal the expectant mamma is tiring of half-sister Kylie Jenner's bratty behaviour!

It all started when Kylie annoyed fans by refusing to interact with

them during her official 18th birthday bash at popular Montreal nightclub Beachclub – which she was reportedly paid nearly \$275,000 to attend!

What's more, the young star knocked her lavish \$4100 birthday cake onto the floor and demanded a new outfit every 30 minutes!

Ever the professional, Kim – who's always gracious to her fans – wasn't having any of it and pulled her sister into line.

"Kim told Kylie, 'Your fans will grow tired of you if you keep up

Kourtney certainly wasn't going to sit around and feel sorry for herself in such an idyllic location. She hit the wave on a jet-ski with her eldest son Mason, five. Take that, Scott Disick!

that kind of attitude," spills our exclusive insider.

"But Kylie didn't want to hear it. She just rolled her eyes and walked off."

Caitlyn-free zone

Given all the drama that surrounded Caitlyn's first public appearance with ex-wife Kris at Kylie's birthday bash little more than a week earlier, we bet the transgender star was glad to be taking a break from the limelight.

Indeed, while the rest of the gorgeous women who make up the klan were spotted in St

Barths, there was no sign of the 65-year-old.

Kris herself also kept a low profile – while the 59-year-old was on the island, she mostly kept away from the cameras.

North's the star

In a somewhat unsurprising move, we're told enterprising Kanye has demanded that his two-year-old daughter North get paid more for appearing on *KUWTK*.

"He wants North to be famous," says an insider. "He absolutely wants her to have that life... if the price is right."

"He's already informed Kim that if North's going to be a regular on the show, then she needs to be paid more than all of Kim's sisters and Kris."

"If not, it isn't happening." ■

KHLOE'S ON THE RUN

If there's one member of the klan who needed a holiday, it's 31-year-old Khloe – who was left shaken after a terrifying run-in with her ex-hubby Lamar Odom in LA earlier this month. Yup, despite the fact she's moved on with NBA pro James Harden, it seems Lamar's finding it hard to let go. "Even with her picture being taken with another man, that woman is my wife," Lamar, 35, told *US mag In Touch*. "She's my soul mate... We'll never part."

SEX-TAPE SAGA

Now that Kylie's legal, the porn offers are rolling in! Not only has Vivid Entertainment offered her \$13.7 million to make her own adult movie, but porn site Brazzers sent a tweet suggesting she "put those lips to good use" – ew! – while sex-flick studio Digital Playground asked her to be its ambassador. "We know you'll be great at this and with your banging body to match," the studio wrote in an open letter. G-ross!

MILF ALERT!

While Kylie and Kendall showcased sideboob and tight tushes, super-svelte mum-of-three Kourt, 36, flaunted her flat tum in a green-and-white, tropical-print bikini and matching headscarf. Way to show Scott what he's missing out on, girl!

BIKINI BODY WARS

The Kardashian-Jenner girls boast some of the world's hottest bods, so it's no wonder Kourtney, Khloe, Kendall and Kylie took it in turns to outdo each other by instagramming sizzling selfies of themselves in various booty-, belly- and boob-baring poses! For once, preppers Kim had to sit this one out...

This week's **BIG** QUESTIONS

Cheat's guide to all the goss!

From hot couple to cold feet!

HAVE **ROB** AND **1 FKA** PUT THE WEDDING ON HOLD?

After proposing to FKA Twigs earlier this year, it seems Robert Pattinson's had a change of heart!

The 29-year-old *Twilight* hunk is reportedly having some serious doubts about getting hitched to his 27-year-old fiancée and has put their wedding plans on ice.

"He says he's still in love with twigs, but he's just not in love with the idea of marriage anymore," spills a source. "Settling down scares him a bit. He's hoping for a very long engagement."

Ciao Bella?

Kristen and Taylor keep the *Twilight* dream alive in LA last week.

IS CANDID **CARA** BURNING HER BRIDGES?

Seems so! After a string of tell-all interviews about her modelling days, Cara Delevingne has now spoken out about sexual harassment in the industry, admitting she's fallen prey to the casting couch as an actress.

"It's horrible and it's disgusting," says the British model-turned-movie star, 23. "[We're talking about] young girls. You start when you are really young and you do, you get subjected to... not great stuff."

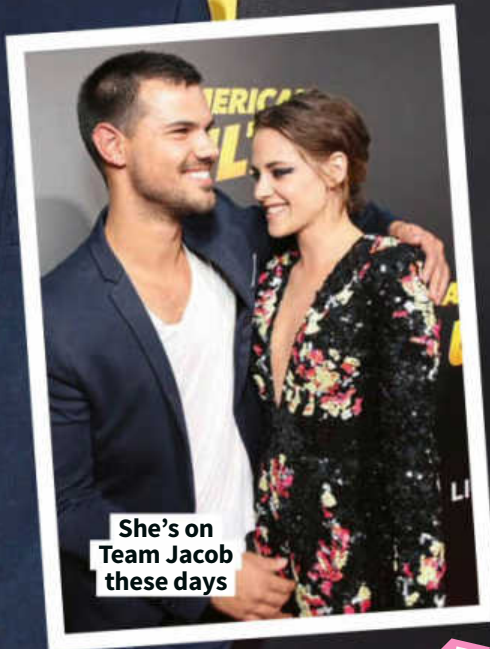

These days, though, she's much better at standing up for herself.

"If there's injustice, I'll flip out," she adds. "If someone is crossing a line, they'll know about it and so will everyone else. I'm not about brushing things under the carpet."

3

WILL THERE BE ANOTHER TWILIGHT MOVIE ANY TIME SOON?

2

She's on Team Jacob these days

Well, Kristen Stewart certainly hopes so! Three years after the movie franchise ended, K-Stew says it'd be great if the *Twilight* saga continued – although she has no plans to reprise her role as Bella Swan.

"I loved doing it. But that doesn't mean I want to keep doing it. But if other people [were to star]? Yeah, sure," says Kristen, 25. "To be honest with you, I'd be interested. I'd be kind of fascinated."

If that revelation wasn't enough to excite Twihards, K-Stew hit the red carpet at the LA premiere of her new movie *American Ultra* last week with none other than Taylor Lautner – who played werewolf Jacob Black in the saga.

What's more, she was even smiling!

Hmm. We wonder why Robert Pattinson didn't get an invite...

IS JAMIE 50 SHADES OF SHADY?

4

Like Christian Grey, it seems Jamie Dornan is a bit of a flirt! Yep, the married 33-year-old made a beeline for his female fans during a night out at Prague's M1 Lounge.

"After posing for a photo with this one blonde, he kissed her on the cheek," spills an eyewitness. "He asked another girl, 'How do you say, 'You have beautiful eyes,' in Czech?'"

Another club-goer even says fans "were making bets on who he would go home with". Yikes!

Ladies' man

If Instagram's any clue, Jamie has a lot of time for his female fans!

Sel was smokin' in LA last week!

5 HOW HOT IS SELENA LOOKING LATELY?

Hot enough to melt your face off! Sticking two fingers up to her body shamers, Selena Gomez sizzled in a figure-hugging maxidress as she arrived at a party in LA last week.

What's more, we hear the sexy star's caught the eye of Zayn Malik – and it's causing major tension with her frenemy Kendall Jenner, who's also been enjoying the singer's attention.

"They're always like this," spills our insider. "They'll get along for a period of time then have a bust-up because they've got the hots for the same guy."

This week's **BIG** QUESTIONS

Cheat's guide to all the goss!

6 WHAT WAS JENNIFER THINKING?

Following reports that Ben Affleck has been having an affair with their former nanny Christine Ouzounian, we're having trouble understanding why Jennifer Garner employed two hot new minders.

Yep, a couple of babin' brunettes have been spotted looking after the former couple's children – Violet, nine, Seraphina, six, and three-year-old Samuel – in Atlanta, where Jen's shooting her upcoming flick *Miracles*

From Heaven.

Oh no, not again, Jen! Or could it all be a clever ploy to tempt her 43-year-old ex and get revenge on Christine?

Seraphina heads out in Atlanta with her hot nannies

7

IS SHIA STALKING MEGAN?

They were close friends – with benefits, he says – but we hear newly single Megan Fox, 29, wants nothing to do with her *Transformer's* co-star Shia LaBeouf after he was filmed saying he “would have killed” girlfriend Mia Goth following a recent argument in Berlin.

“Megan’s trying to protect herself from Shia,” reveals an insider.

“She changed her social media account passwords and her phone numbers to be sure he can’t contact her.”

Unsurprisingly, Megan’s estranged hubby Brian Austin Green hates the idea of the actor contacting her, too.

“He thinks Shia’s totally toxic and doesn’t want him anywhere near his family,” adds the source.

Shia's erratic behaviour has Megan taking steps to protect herself

8 IS KATE HAVING THE WORST YEAR EVER?

Poor Kate Moss! Not only has her four-year marriage to Jamie Hince hit the skids, but we hear the supermodel's businesses are going down the toilet, too!

According to figures filed with the UK government, the dosh held by the 41-year-old's beauty company Skate LLP and

business support service Tilly Church Ltd has dropped almost \$30 million in the past year.

"Kate is still bringing in good money, but these figures are a shock," an insider tells UK newspaper *The Sun*. "The cost of running her business has gone through the roof while what she's bringing home has stayed steady."

Business ain't booming for the heartbroken model

Christina went over to the dark side during her goth period

9 CHRISTINA, IS THAT REALLY YOU?

She may have played super popular office manager Joan Holloway in *Mad Men*, but Christina Hendricks reveals she struggled to make friends when she was younger.

"I had the worst high school experience ever," the 40-year-old actress explains. "We had a locker bay and every time I went down there to get books out of my

locker, people would sit on top and spit at me."

What's more, the busty redhead beauty says the bullying led her to change the way she looked.

"I dyed my hair purple and turned goth. I wanted to show these bullies that I was separate from them, that I didn't believe in the bullying, that I didn't fit in with the set of values they lived by."

10 IS LOUIS BEING FORCED TO TIE THE KNOT?

Louis could have a shotgun wedding on his hands if Briana gets her way

Louis Tomlinson's pregnant babymamma Briana Jungwirth wants the hit-maker to head in one direction – straight down the aisle.

While the 23-year-olds, aren't officially dating, we hear that hasn't stopped Briana from pressuring Louis to put a ring on it.

"Briana came from a broken home and she doesn't want their child to share the same fate," says an insider.

So far, though, Louis's not playing ball.

"He's hesitant about getting engaged just for the sake of the baby, but Briana insists she won't be a single mum," adds the source, who says she just wants a commitment...

And access to Louis's \$60 million fortune? Just sayin'...

LILO VS NANNY

THE CASE A year after the *Mean Girls* star allegedly ran over child minder Nubia Del Carmen Preza in West Hollywood in 2010, the nanny took her to court, claiming she was injured during the “hit and run”. **VERDICT** To Lindsay's relief, the lawsuit was dropped in 2014.

Eva's see OVER GO

How much more can poor Ryan take?

She was the envy of women the world over when she bagged Hollywood hottie Ryan Gosling, but this time Eva Mendes is the one suffering from an attack of the green-eyed monster!

It seems the 41-year-old is so insecure about her man straying that she's turned into a paranoid mess over Ryan's hot *La Land* co-star Emma Stone!

"Eva's always been possessive, but it's kicked into top gear since Ryan and Emma started working together again," spills an exclusive insider.

And even though Emma's been dating boyfriends Andrew Garfield for more than two years, we're told, "Eva's convinced Ryan's secretly attracted to Emma and she's got it in her head that Emma's trying to get her hooks into him."

No wonder Ryan's fallen off the social radar lately – it's just not worth the inquisition when he gets home!

In a bid to keep tabs on her man when he's out of her sights, Eva – who's been dating her *The Place Beyond The Pines* co-star since late 2011 – has also issued a long list of rules.

These include Ryan agreeing to random inspections of his mobile phone, no boys' nights out and a total ban on having female friends.

BEHIND THE SCENES

Ryan and Emma, who have a great professional relationship that now spans three movies, have been super close for years.

She's even gone as far as to install spyware software on his phone and laptop!

But it wouldn't be the first time Eva – baby-mamma to Ryan's 11-month-old daughter Esmeralda – has lost it over her man's friendship with another woman.

Back in 2013, Eva hit the roof when she discovered the 34-year old was back in touch with his ex-girlfriend Rachel McAdams – who he described as one of the “great loves” of his life.

Now, in a bid to appease his lady, Ryan's playing by her rules – but friends say the she's become so controlling it's only a matter of time before he snaps and walks away!

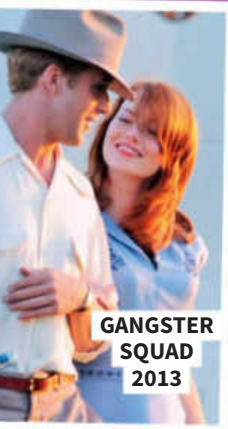

“Ryan's getting so tired of all the drama,” adds our source. “No matter what he does, she's always jealous about something. Everyone in his inner circle says he's a saint to put up with it.” ■

If he has any hope of easing her mind, the actor...

- 1 Must text her at least once an hour when they're apart.
- 2 Has to answer by the fifth ring or she assumes the worst.
- 3 Can't go out with his friends if she's not there.
- 4 Has to let her check his mobile phone at any time.

According to US reports, the new parents have been en route to Splitsville ever since the birth of their son Silas in April.

“She's been obsessed with getting back into shape and has had no interest in anything but her body and the baby,” says our insider. “They hardly spent any time together as a couple these days. Everyone's hoping it's a temporary glitch because they're new parents – but if something doesn't change soon, they'll drift so far apart it'll be over.”

No-one's immune to the sting of this deadly drug

Escaping addiction

Steph put her ice habit – and this 2006 mug shot – behind her

Stephanie tells 'MY ICE HELL'

She's the stunning star of British reality show *Made In Chelsea* and once rolled with LC and co on *The Hills*, but life hasn't always been so sweet for Stephanie Pratt – at just 14, she was addicted to ice!

"I first smoked it before I went to see my therapist. Other kids were smoking weed but I was on the extreme level and addiction developed instantly," the 29-year-old explains, adding that she did the drug "12 or 13 times a day" for several years.

"I'd say for a good period of years I was never straight. When I was 17 my weight had gone down to that of a child – 101 pounds [45kg].

"I was always driving so high. Literally I feel like I was minutes away from the end."

Her habit even saw her arrested in Hawaii in 2006, when she tried to shoplift \$5400 worth of designer clothing while high.

She then overdosed on her 19th birthday – which proved to be the wake-up call she needed.

These days, she says a relapse could kill her, confessing, "It's life or death. I know that now."

Australia may be just one of many countries affected by this destructive drug epidemic, but the scary truth is we now boast one of the highest rates of crystal methamphetamine use in the developed world.

Transcending class, wealth and age, crystal meth – or ice, as it's more commonly known – is generally smoked through a glass pipe or injected and has the power to hook unwitting users after just one hit.

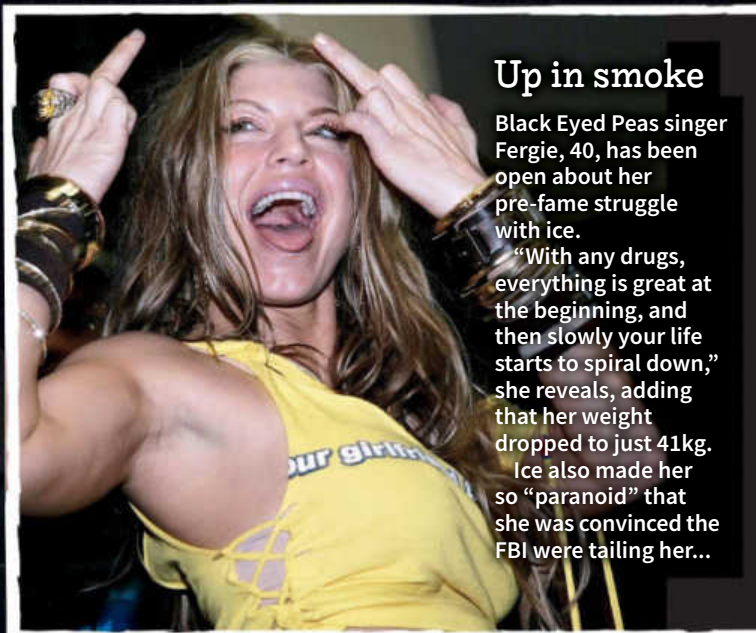

But there's also a laundry list of side effects, which include hallucinations, paranoia, aggression, rotting skin and teeth and even long-term psychosis. And it's not just users that are affected.

"The ice epidemic is so scary because of the impact the user can have on all the people around them," reveals Dr Kate Porges, who treats ice users daily at Gosford Hospital on the NSW Central Coast. "It's about users feeling invincible one minute and then going into this highly agitated state that leads to violence.

"I've lost count of the number of times I've been assaulted. We have emergency department staff being verbally assaulted all the time and, yes, we've had hospital staff kicked, punched and spat at."

What's more, this drug doesn't discriminate – just ask former *Full House* star Jodie Sweetin. The 33-year old rehab alum – who played Stephanie in the hit

THE ICE AGE!

Up in smoke

Black Eyed Peas singer Fergie, 40, has been open about her pre-fame struggle with ice.

"With any drugs, everything is great at the beginning, and then slowly your life starts to spiral down," she reveals, adding that her weight dropped to just 41kg.

Ice also made her so "paranoid" that she was convinced the FBI were tailing her...

Not-so-model behaviour

Five years after appearing on *America's Next Top Model*, catwalk hopeful Jael Strauss, 31, found herself the target of an intervention on the *Dr Phil* show in 2012, after she became what the host describes as a "full-blown meth addict".

sitcom – found herself so addicted to the drug that she was snorting it at the LA premiere of Mary-Kate and Ashley Olsen's 2004 movie *New York Minute*.

Then there's former *Baywatch* babe Yasmine Bleeth, 47, as well as actor Ryan O'Neal and his son Redmond, who've

landed in court as a result of their dalliances with the drug. Meanwhile,

Saving Private Ryan star Tom Sizemore, 54, saw his career crumble after a video of him smoking ice surfaced in 2014.

"Meth – it's the worst [drug]. It's sneaky," he says. "It doesn't feel like it's doing much to you in the beginning and then it's got you in a grip in addiction."

Imagine how many other stars are trapped in its vice-like grip... ■

Toxic?

Britney Spears's ex-manager Sam Lutfi alleged that "a cache of crystal meth" was found at her home in '07 and that ice was responsible for her breakdown that year.

Kate's highs and lows

"Drugs, depression, the lot. Anything, I did it," former *Australian Idol* winner Kate DeAraugo, 29, confessed earlier this year.

After putting her addiction issues behind her, the singer relapsed in March when she was booked for driving under the influence of a drug believed to be meth in Sydney's Surry Hills.

"Unfortunately, Kate has been suffering from addiction for quite a long time and right now she's relapsed," manager David Wilkins revealed. "It's really unfortunate after all the hard work she's done to get herself back on track."

"We're going to be helping her as her family and her management all the way through to get to the conclusion of this and get her healthy."

It was one crazy celeb moment after another at the Teen Choice Awards in LA. Comeback babe **Britney Spears** — who was joined by sons **Jayden** and **Sean**, as well as her niece **Lexie** — scored the Style Icon award, while **Sarah Hyland** nearly came a cropper as she got up to present an award with **Skylar Astin**. As for **Nina Dobrev**, she and her *Vampire Diaries* co-star ex Ian Somerhalder won Choice TV Liplock. Woah, awkward!

The WEEK PICKS

Shady babies

From the boho maxidress on **Doutzen Kroes's** little girl **Myllena** to the electric blue shades on her son **Phyllon**, this is one family that just oozes cool. As they take to the sand in Ibiza, there's not even a toddler tantrum or melted ice-block in sight.

'How do you like the sand, little one?'

'I can dig it'

'Come on - just a few more push-ups to go'

Phyllon takes some time to reflect...

If we were chillin' on the Greek island of Mykonos with a cocktail and abs like **Alessandra Ambrosio's**, we'd be falling over sideways with glee, too. Of course, it could just be a seriously strong Bloody Mary.

Elton John and **David Furnish** sure take their holiday fashion seriously. They're going with a nautical theme as they hit the beach in St Tropez, France, even equipping sons **Zachary** and **Elijah** with Jolly Rogers and life jackets. Hey, whatever floats your kids...

Have a nice spray

He hates it when she wears too much make-up

Why go ashore for a shower and a bed to lie on when you can do it on the water? It's like a scene from *Waterworld* for **Anne Hathaway** and her hubby **Adam Shulman** as they climb aboard their pontoon boat off Ibiza.

'Bros before hose'

Ava's style injection

Ava Phillippe needn't look so blue. After all, she won the genetic lottery! From her blonde locks to her petite frame, she's the spitting image of her mamma **Reese Witherspoon**, but it seems the 15-year-old California cutie is even more style-conscious than Southern belle Reese. During an outing in Santa Monica – where she seems to have gone for a blood test – Ava insists on keeping things fresh by switching her jeans to Daisy Dukes. Well played, young lady!

'Yeah, but he had a point'

'That doctor really gave me the needle!'

Hi, Ava. Oh, and this must be your sister...

'He's always in my ear about something?'

While his ex Miranda Kerr is busy with her new billionaire beau, **Orlando Bloom** gets to spend some quality time with their son **Flynn** – but boy does he have his hands full! As they head out for lunch in Malibu, Orly's four-year-old insists on spending the day making a monkey of himself, climbing a over his dad like he's a piece of playground equipment. HOT

Monique Lhuillier mini gown, please be ours! It's pretty and playful on its own but if, like Lea, you prefer naughty to nice, fierce it up with killer Louboutins.

HOT

If looks could kill, we'd all fall victim to Shay's sharp style. Looking bold and beautiful, the actress slays in this belted Versus Versace tuxedo-style get-up. Follow suit, if you dare!

HOT

Christina Aguilera

Now that she's welcomed her second baby, the petite powerhouse is just busting to get back on the map. And this pleated, plunging Roberto Cavalli gown places her right back in the centre of Diva Town, where she belongs.

Chloe Lattanzi

Bare your cleavage, midriff or legs, but if you go for the trifecta, you risk entering trashy territory. Chloe perhaps missed that lesson in style school, as she attempts to go for gold in this flashy ensemble.

Nina Agdal

When your body's this bangin', you really don't need to do much else. The Danish model says her glam squad whipped this look up in 20 minutes flat. Then – boom! – best dressed!

SEXIER & STRONGER THAN EVER!

How Khloe LOST 16KG!

KoKo reveals the secrets behind her amazing new bod

Goodbye, 16kg – hello, klean eating! Yep, with incredible abs, a booty to die for and a healthy mindset, Khloe Kardashian's managed to become one of the

hottest women in her stunning family, thanks to gym visits, a protein-rich diet and drinking up to six litres of water a day!

"My fitness journey will be a life long journey," says the KoKo, 31. "Fitness is not about being better than someone else. It's about being better than you used to be."

And it's her fam's fave trainer Gunnar Peterson who helped her get there.

"The changes she has made are incredible. She's done it the right way. Nothing fast – hard work and nothing fast," the creator of Core Secrets: 25 Minute Full Body Workout says of his star client.

"She gets [to the gym] every day and does not miss. She works hard, she's intense, and she makes the right choices outside of the gym. That's her secret."

We want in!

Her diet overhaul

Green goddess

Hardly an episode of *Keeping Up With The Kardashians* goes by without Khloe and her sisters giving side-eye over a salad from Health Nut in Calabasas. "We have literally eaten them every day for four years and people like our film crew say, 'Aren't you tired of the salad?' but we're not!"

Protein snacks

"I eat oatmeal and eggwhites for breakfast and I love fruit," adds Khloe. "My trainer always says, 'If ever you are hungry and you want something, eat eggwhites.' I am not a big fast-food person. I don't eat red meat or anything like that."

Ditching dairy

Along with cutting down her portion sizes, Khloe's nutritionist advised her to do away with dairy. "I was realising, 'I work out all the time. Why can't I drop this weight?' It's really food," she says. "So I started dieting a little. I don't eat dairy anymore – or I try not to... I lost like [6kg] from just cutting out dairy. I was really shocked
en my nutritionist told me that."

Fill 'er up!

"I try to drink five to six litres of water a day," she says, adding that it's improved her energy and "changed my skin, hair, nails and diet".

NOW!

STAY POSITIVE

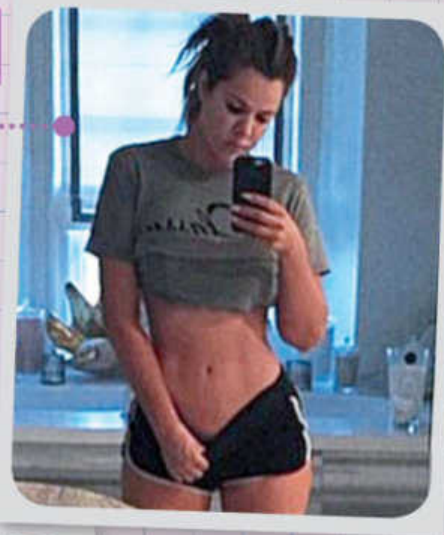

"People love to call me the fat one, but as weird as it sounds, I still don't think I would consider myself fat back then," the body-proud babe says of her heavier days, but concedes she was "definitely overweight and unhealthy".

BUILD A BABE

Uncover your abs

She toned her abs with plenty of side hip bridge exercises, slide abdominal extensions and knees-to-heavy-bag routines, but they're on show due to a great diet!

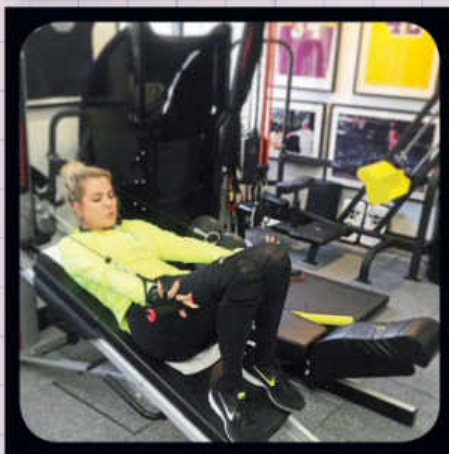

"The key is reducing body fat so that the abs you have earned are visible," explains Gunnar. "Play with your diet, use a nutritionist, nothing drastic, just be smart about it. Your core muscles fire first with any movement so they are always in the picture. Mix up your approach with a variety of movements, resistance loads and rep schemes and you will flush them out – assuming your food and recovery are on point. They are right there under the rest of that stuff!"

Master the metabolism

Gunnar says Khloe's intense workouts – which include a mix of plyometric push-ups, hauling a sled, dead lifts, resistance bands and the aforementioned abdominal exercises – have paid off.

Khloe does a range of rotations with the number of repetitions – starting at 15 and working up to 20 reps, or from 24 up to 32 reps – depending on the weight she's using.

Photos: Instagram

Lovely lady rump

"I love to do stairs or the elliptical," Khloe explains. "The stairs do the butt and the legs, and you don't have to do the weights afterwards. I put headphones on or I watch a TV show and I could literally zone out for an hour. Time flies and I don't even know that it happened. I'm like, 'Damn! I just sweated for an hour and I feel good!'"

"I think as long as my energy is focused on something else, if I am watching TV and working out, it is great."

YOUR Stars

The week ahead with Adele Lang

Lea Michele

August 29, 1986

The actress may be seeing red this week as a friend's bad behaviour riles her up. She'd do well to stay calm and keep her ire out of the public eye.

HAPPY BIRTHDAY

MON Rupert Grint, 34. Lucy Mecklenburgh, 23 **TUES** Rachel Bilson, 34. Blake Lively, 28. Claudia Schiffer, 45 **WED** Macaulay Culkin, 35. Virgo AUG 24 – SEPT 23

A mate's careless behaviour could seriously rankle. Outspoken Virgos may like to vent their spleen in public and online, but most of you will just silently seethe. Perhaps consider meeting halfway? In other words, thrash it out with your errant pal in private.

Libra SEPT 24 – OCT 23

As a rule, you tend to treat friends and family members equally. However, that changes this week as astro-trends suggest you might be tempted to play favourites. Someone's slip of the tongue could result in you being less impartial than usual.

Scorpio OCT 24 – NOV 22

Celebrating someone else's good fortune will be good for your soul. No matter how hard done-by you may be feeling, crack open the champers if a friend or colleague has exciting news. Withholding praise or applause won't help your karma one little bit.

Sagittarius NOV 23 – DEC 21

Jupiter's high-energy presence is in danger of leaving you sleep-deprived. Your career may be going great-guns, but if you don't get enough shut-eye, you'll damage your health. Dedicate time to unwinding after hours and try to avoid taking work home.

Capricorn DEC 22 – JAN 20

Hold on to your hearts – less-than-stellar alignments signal a more ambivalent state of affairs for most Caps. You could pretend that you're ecstatic with your romantic life as it stands or you could be honest with yourself – and any partner – and demand changes!

Aquarius JAN 21 – FEB 19

While a loved one's problems seem trivial to you, try hard to be more understanding. An Aquarian's ability to approach life in a cool-headed and logical way doesn't always work for everyone else. Even if you have to fake it, a few sympathetic coos will help.

Pisces FEB 20 – MAR 20

Mercury's still making you focus on career rather than romance. If you meet a partner at work, then so much the better, but this doesn't bode well for those with partners stuck at home or in jobs that don't intertwine. Revise priorities to ensure love lasts.

Aries MAR 21 – APRIL 20

The planets signal hectic times for you. Although the pace might seem overwhelming on occasion, all will be well as long as you can remain inwardly calm. A possible holiday or mini-break should be enough to keep you Rams sane.

Taurus APRIL 21 – MAY 21

Just because you're down-to-earth doesn't mean the people around you are. One friend in particular might develop airs and graces – seemingly overnight. Such irksome behaviour is really just a bid to get attention. Rather than take them down a peg or two, ignore them.

Gemini MAY 22 – JUNE 21

Mercury's influence should ensure you get more than your fair share of romance this week. This should put you in a very good mood – and not a moment too soon. Recent woes have made you rather cantankerous. Now you'll be spreading sunshine wherever you go.

Cancer JUNE 22 – JULY 23

Chin up, Crabs! Don't let this week's lunar low get you down. Yes, there will be frustrating delays – especially regarding work schedules and financial affairs – but there's not much you can do to push things along. Resign yourself to living in the moment and enjoy it if you can.

Leo JULY 24 – AUG 23

You might dream of a jet-setting lifestyle but a lot of Leos aren't so lucky. Fortunately, the Sun's journey with Jupiter spells travel opportunities in the near future. Better still, you may not have to stump for it – a work junket or family freebie could be on the cards.

Meryl ROCKS OUT!

In a case of art imitating life, **Meryl Streep** and her actress offspring **Mamie Gummer** play mother and daughter in their new flick *Ricki And The Flash*, although their real-life relationship isn't nearly as strained as on screen!

"I'm blown away by my daughter. I'm not objective. I think she's fantastic!" gushes Meryl, 66, while Mamie, 32, says working with her Oscar-winning mum "wasn't as strange as you'd think".

"There's a shorthand between us," she adds.

The flick, penned by *Juno* writer **Diablo Cody**, sees ageing rocker Ricki return home in a time of crisis to try and make amends with her estranged family.

But sharp one-liners to intensely emotional moments aside, it's worth a watch just to see Meryl performing **Lady Gaga's** *Bad Romance*!

FIVE MINUTES WITH OLLY MURS

When **Olly Murs** headed Down Under earlier this month to tour his fourth studio album *Never Been Better*, we were lucky enough to get some one-on-one time with the sexy cockney lad...

Welcome back to Australia. Thanks! I just love it here!

So tell us about your new single *Never Been Better*... My album came out last year but the single *Never Been Better* is the new single. I wanted to give fans a new song to hear on the radio – keep the ball rolling!

You worked with Demi Lovato on the track *Up*. What was that like?

It was great! I really believed in Demi and have always loved how cool she is. We had so much fun working together.

What's the weirdest thing a fan has given you? Once someone

sent me a three piece suit – and it was 100 per cent fitted from top to toe! I have no idea how they knew my size...

Hey, Mr DJ!

Is the world ready to see Zac flex behind the decks? Um, yes!

Being an awesome actor who also happens to look amazing without a shirt on was good enough for us, but **Zac Efron** can now add superstar DJ to his list of talents!

The 27-year-old showcases his skills behind the decks in his new flick *We Are Your Friends* as Cole Carter, a young DJ desperate to break into the electronic dance music scene and become a major producer.

But when Cole takes a liking to Sophie (**Emily Ratajowski**), the girlfriend of his mentor brother James (**Wes Bentley**) things get a little complicated.

The blue-eyed babe sat down with *NW* for a cosy chat about life, love and his new career as a wedding spinner...

We loved seeing you with your kit off in this movie. Do you get a kick out stripping for film roles? I don't know that I enjoy it, but I'm fine if there's a specific reason for it. If it's authentic and helps the story, then absolutely. There's nothing I wouldn't try!

How do you feel about being branded a sex symbol?

I don't know, but I'm very grateful for it. I should really thank my parents.

Say thanks from us, too!

Anyway, your movie is called

***We Are Your Friends*. What**

makes a good mate? They must be trustworthy, truthful and loyal. They've got to have your back. Oh, and a good heart is a must, too.

Did you have to learn how to DJ for the role? I did – and it was actually me up there on the decks playing in front of this huge crowd during the big block-party scene. Being up there was pretty amazing and emotional. I've got my back-up career locked in if the acting work ever dries up – I could DJ at weddings and parties.

You seem to succeed at whatever you put your mind to and you've overcome some pretty tough times... Yeah,

I feel like I'm in a great place. I'm so happy to be here. I'm glad that I'm here to share this moment and be present for all of it. I learnt so many things,

but the best part of it was being able to reflect on the experience and realise how much I learnt about myself and the kind of man I want to be. I have got the best job in the world. I am very blessed.

As for your love life, does fame get in the way of you finding Miss Right? It's tough!

As actors, we're always moving around and on an adventure with lots of unexpected twists and turns. I don't want to commit to a relationship that I can't be 100 per cent there for.

OK, so when you do have time for love, are you a pretty romantic guy? I think so. I'm a true romantic. I'm not saying any more – only that the key to successful relationships is to be yourself and break all the rules!

What's the craziest rumour you've heard about yourself? That I'm getting married.

I hear that one a lot. My mum tells me that I'm getting married because she's read it somewhere.

I'm not. [laughs] ■

SEAN STEWART

‘Sex is better with older women!’

Whether riding airport conveyor belts or, er, cougars, Sean Stewart, 34, is the wildest of the Stewart-Hamilton bunch. Always raising eyebrows, the playboy son of rocker Rod Stewart chats to us about his new E! reality show *Stewarts & Hamiltons*. And his sex life – natch!

So what’s it like dating former *Real Housewives Of Beverly Hills* star Adrienne Maloof? Adrienne and I were friends, then it happened. Sometimes when you hang out, things like that happen.

What’s the best thing about dating an older woman? The sex is better! They’re way more experienced.

What did your dad say about the conveyor belt incident at Miami Airport? He thought it was funny because I wasn’t harming anybody. **You’ve had brushes with the law in the past! Are you a changed man?**

When I was younger, I got into a fist fight, but it was self-defence. When you have a famous last name, people will come after you. So I took the blame for something I didn’t do.

Will you be the new big dater like Brody Jenner on the show? I want to be the new Sean Stewart! But

Brody is actually one of my oldest friends. I’m really proud of him and his new show *Sex With Brody*!

But things move fast in Celeb Land. Having defied the doubters for so long – hello, Tamra Judge! – Vicki has confirmed her split from her controversial on-off partner.

“After much prayer, thought, counselling and consideration, we have decided to end our four-year relationship. We both wish nothing but a great future for each other,” she writes.

BRANDI snaps!

Ask an honest question, get an honest answer from NW's straight shooting agony aunt Brandi Glanville!

Dear Brandi, I have the hots for my sister's boyfriend and I think he feels the same. My sister is always picking on him for one thing or another and I don't think they love each other. I can't stop thinking about him. What should I do? Mel, Vic

"You can always find another boyfriend, but your sister is irreplaceable, so back off! She's probably being a bitch because she sees you guys flirting. That or girls' intuition. If it was a friend's ex you were wanting to date, I'd probably wait a good amount of time and then ask her. But family? You can break up with a friend and never talk to them again, but you don't f**k with family. That said, everything else is up for grabs!"

Hi Brandi!

The boy I've been seeing for the last six weeks makes weird, loud noises during sex. It's so bad my flatmates can hear and they tease me about it. The problem is he's perfect in very other way. I just can't figure out whether this is a dumpable offence. Help! Jo, Qld

"Look, I hear you. Noises are a turn-off. When I was dating a star from *Friends* a long time ago, he used to make funny noises, like a whimpering puppy. I was like, "Are you crying? Are you OK?" Everyone knows puppies do not belong in the bedroom! It was not sexy. On top of the issues we were having, that was definitely a deal breaker! But the grass isn't always greener on the other side, so if the rest of your relationship with this guy is good, you just have to suck it up!"

'Could you keep it down?'

Ask Brandi anything... Yes, ANYTHING! email us at NW@bauer-media.com.au

The talent she's displayed on *The Voice* has had us glued to our screens and Jessie J's star pupil

Ellie Drennan couldn't be happier that she's finally living the dream.

But things haven't always been so rosy for the 16-year-old.

The sweetheart from the NSW Central Coast tells *NW* that school bullies made her life hell when they targeted her over her weight.

"I just wish I ignored it," she says. "I've got strength now, because I know people are going to say bad things about you no matter what."

So does she feel pressure to be a 'size-zero' now that she's a star?

"No, definitely not," she says. "I'm proud of who I am."

We caught up with Ellie to find out how she's dealing with life in the limelight...

We can't believe you're only 16. Have you always been this grown up? No! I think because I'm doing things young people don't do, it just happens.

Before singing Sia's *Elastic Heart*, you said you were drawing on a time when you were bullied at school. Yes, and I'm not happy with how I dealt with it. It used to get to me a lot. People would say things about my weight. I wish I didn't listen.

Are you in a better place now? Yes, I've got strength now. Jessie's been a big help. She's believed in me since the beginning, always giving me compliments!

Ellie is hitting the right notes under the guidance of mentor Jessie J

Cool confidence

'I don't think weight defines you as a person,' says Ellie.

Has she warned you about online haters? No, I don't read comments on social media. I don't want to put myself in that position.

You're a total babe! Have you got someone special in your life? I do have a boyfriend at the moment – we've been dating for a month! He comes to watch me do the show. I think having him there has helped me with performing.

Everyone's got a story to tell, but not many people can say they used to be a *Penthouse* covergirl like *The Block* newbie Suellen "Suzi" Taylor!

Yep, the busty single mum from the Gold Coast graced the cover as *Penthouse* Pet Of The Year back in 1991, seducing the camera in racy white lingerie.

As for the naughty nude photos inside, we couldn't help but blush when we clapped eyes on a shot of Suzi getting saucy with a shower hose!

The 44-year-old's competing alongside fellow mum Yvonne Cosier, 39, in the upcoming 11th instalment of the reality series, which sees contestants taking on the run-down, six-storey Hotel Saville building in Melbourne.

We can't wait to see the ballsy brunettes wrecking their talons as they get to work with the sledge hammers!

Suzi's got plenty to distract the competition with!

JAMES AND RONI STILL HOOKING UP!

The *Married At First Sight* psychologists sure missed a trick when they failed to match up contestants James and Roni on the show!

Once the show wrapped, reports emerged that Roni and James had found

comfort in each other's arms after being dumped by their respective partners Michael and Michelle – and it looks like it wasn't a one-off!

Despite James previously laughing off the rumours, our spy spotted the pair getting cosy at Sydney hotspot The Coogee Pavilion recently.

"They looked like any other couple on a date night as they giggled together at the bar," reveals our insider.

"They didn't care who saw them – they were in a world of their own."

Appy couple?

It must be casual – because we found James on dating app Happn!

Michelle and Steve's bumpin' babymoon

They're among TV's most active stars, but with their first baby due in December, Michelle Bridges and Steve "Commando" Willis are swapping sweat sessions for rest and relaxation in paradise!

The ripped duo – who are set to return to our screens in *The Biggest Loser: Families* – have posted a series of photos to Instagram from their pre-baby

vacay in Tahiti, including one that Michelle hilariously hashtagged "#snorkdorks". Cute!

And we couldn't help but notice the 44-year-old flaunting an impressively firm tum despite being well into her pregnancy.

Hey, that's why she's the fitness guru!

"Nina shouldn't have volunteered the information about Sam and Snez's kiss on Snezana's behalf – of course she was doing it to stir the pot. But I do think it's better that it came out in front of everyone – everybody deserves to know where they stand. In normal life, a single guy is likely to pash a few girls over a number of months, so I don't think Sam getting touchy-feely with several Bachelorettes is bad. I do think it's bad form to be kissing on the group dates, though. You're supposed to be the ultimate gentleman!"

**Nina's
got a big
mouth!**

"Emily has cried manipulative editing, but she needs to stand up and start owning what she's said. She's said a number of catty things and she can't dispute that – they came out of her own mouth! You could tell Sam wasn't comfortable when Emily started talking about Nina after the go-karting. Emily hasn't shown enough of her good side, personality or pizzazz to be able to get away with having a bitch about the other girls. Sam really didn't appreciate it and no guy wants to know about that – it just makes you look bad."

Sexy Snez

"Snezana is the ultimate Bachelorette – she's a real woman. Sam has noticed she's so comfortable in her skin, too. But why wouldn't she be – she's such a goddess!"

Why bother?

"Poor Rach – she didn't even get a date! She waited all this time, thinking it must be for a reason – but nup, she was just in a row of ducks waiting to be eliminated."

Romance

Looking at Lady Gaga's kooky bridal-themed shoot for *CR Fashion Book*, we're not sure what to expect when she finally walk down the aisle. What's more, her interview with the online magazine has us wondering if perhaps she'll be singing her vows to fiancé Taylor Kinney.

"I wrote a song for him the other day... because it was something I couldn't say with words, only through song" she says.

MADGE'S BIG FAT GYPSY BIRTHDAY!

You didn't expect Madonna's 57th birthday to be quaint, did you? Joined by her kids Lourdes, Rocco, David and Mercy, as well as a host of celeb pals like Kelly Ripa and Andy Cohen, the queen of pop celebrated with a lavish gypsy-themed affair. But what does one gift a material girl who has everything?

A French bulldog puppy – duh! "Gypsy Rosa Lee.....best birthday present ever!" she wrote on Instagram.

G BRO!

And the award for best baby-sitter goes to... Brooklyn Beckham! Whether hiking, surfing or imparting culinary knowledge, there's no shortage of snaps of the 16-year-old spending time looking after siblings Romeo, Cruz and Harper. "Making pizza with my little sister," he captioned one sweet Instagram snap. Aw!

They said what?!

Henry Cavill's not above body shaming.

"I even asked my dermatologist if I should [get Botox], and he's like, 'I refuse... Your skin is perfect.'"

Paris Hilton doesn't need a second opinion.

"I find myself sometimes aimlessly wandering around designer stores, looking at women's dresses."

Taylor Swift's shows are like celebrity roulette – you never know whose number will come up next! Having paraded girl bands Little Mix (bottom right) and Fifth Harmony (top right) on stage, and BFFs Cara Delevingne, Lena Dunham and Gigi Hadid, Tay had her “heroes” – actress Julia Roberts and folk legend Joan Baez – strut out while she performed *Style* at her recent gig in Santa Clara, California. Who doesn't she know?!

No, this isn't a remake of the 1953 classic *From Here To Eternity*. The Spice Girls have all but confirmed they'll reunite for a 20th anniversary tour next year, but could Victoria Beckham's reported reluctance be down to tensions with her old bandmates? Despite insisting they're all still mates, Mel B raised eyebrows when she pretended to strangle a waxwork of Posh at Madame Tussauds in New York!

"Hanging out having my own Spice Girls reunion," she captioned the Instagram photo. We wouldn't worry too much if we were Posh, though – even if she doesn't tour, she's set to make a killing in royalties. Ka-ching!
